Slammers Baseball

Slammers Baseball has grown over the years into a nationally recognized program with our High School teams competing in the top national tournaments. The success on the field has earned over 120 of our student athletes college scholarships the past three years alone. The growth of our High School program has filtered to our youth program with close to 50 youth teams training and playing out of two facilities in Colorado. We truly believe the success of our program is due to the commitment of our coaches and families. We would not be where we are without them. We are very proud of what Slammers has accomplished on the field and especially within the community. Our coaches, staff and families have taught our players to be positive influences in the community. We would like to offer you the opportunity to become involved in our program through donation and advertising opportunities. We appreciate your continued support of the Slammers Program.

Mark Holzemer, President

Our Mission

At Slammers, our mission is to provide our players the best facilities, coaches, and baseball experience to catapult them to the next level. We will develop our young athletes by maximizing their potential in baseball, but more importantly, by maximizing their potential as student-athletes and well-rounded individuals; all the while learning lifetime skills that will enhance their lives now and in the future.

Premier Program in State & Region

Slammers is dedicated to fulfilling the needs of players of all ages and abilities. Our staff and instructors have over 70 years of combined High School, College and Professional playing and coaching experience. We offer a wide variety of instruction including private one-on-one lessons, group and team clinics, as well as specialty camps offered throughout the year. We also have youth leagues and competitive youth and High School travel teams. We have placed hundreds of players in every level of collegiate baseball and the Major Leagues. Regardless of your skill level, you will benefit from our staff's vast knowledge of pitching, hitting and fielding. Our Englewood and Broomfield facilities offer indoor tunnels for personal or team rentals.

Youth Program

The goal of this program is to provide each individual, and each team, specific training based on age, the individual player and team's ability. We will give every player consistent training day after day and year after year. Consistency is what matters the most when developing young athletes. This is what we have accomplished in the High School divisions with 95% of our players going on to play in College or Professional Baseball. Our goal and philosophy is to create an environment where every player has the opportunity to play at the next level.

High School Program

The Slammers Summer program is designed for High School aged players who have a desire to play college baseball. Slammers will provide the best venue for those players to pursue their goals through high level competition and a consistent professional coaching experience. This program provides players with the opportunity to compete in nationally recognized events such as Perfect Game, Prospect Wire, Vtool, and Premier Baseball. These events allow the player a stage to showcase their abilities against the top talent in the county and in front of college and professional scouts. Our teams will also compete locally against high level club and high school teams in tournament and league style formats.

Donations

The development of our players is our priority. Your personal/business donations can help pay for training, equipment, and provide scholarships to players in need. With each donation we will include a sponsorship listing in our program book acknowledging your support.

\$1000 – Platinum Sponsor

\$500 – Diamond Sponsor

\$250 – Gold Sponsor

\$100 – Silver Sponsor

\$50 and under – Bronze Sponsor

Program Book

The Slammers program book will be given to College Scouts throughout the year free of charge.
